ABOUT ME

A web developer with almost 3 years of experience in the field. Skills are focused on Wordpress, AngularJS, HTML, CSS, Javascript, JQuery, Photoshop, PHP

WHAT I DO

As the Scrum Master of the team, I facilitate our Agile ceremonies, communicate with the Product Managers regularly for goal alignments and deliverable updates and also assist in resolving roadblocks of the team. With the same amount of workload as the others, I develop features, do bug fixes, handle minor deployments and assist in support. I'm mainly doing frontend work at present however I'm no stranger to backend as I've worked for over 2 years as PHP developer.
